## Our Motto

“With Courage, Life is Protected”

Highlights the role of courage in the Academy's mission to protect and rescue.

## About Us

- Subsidiary of ITUS Group. Founded in 2014. India's premier disaster response training institution Recognized by multiple state governments.
- Focused towards training professionals in Search & Rescue and Special Forces Operations. Nodal training institution for NDRF, SDRF, Central and State Police, Fire and Rescue Organizations and Civil Defense.
- We are India's leading private training institution in rescue operations, offering over 25 specialized courses.

## About Us

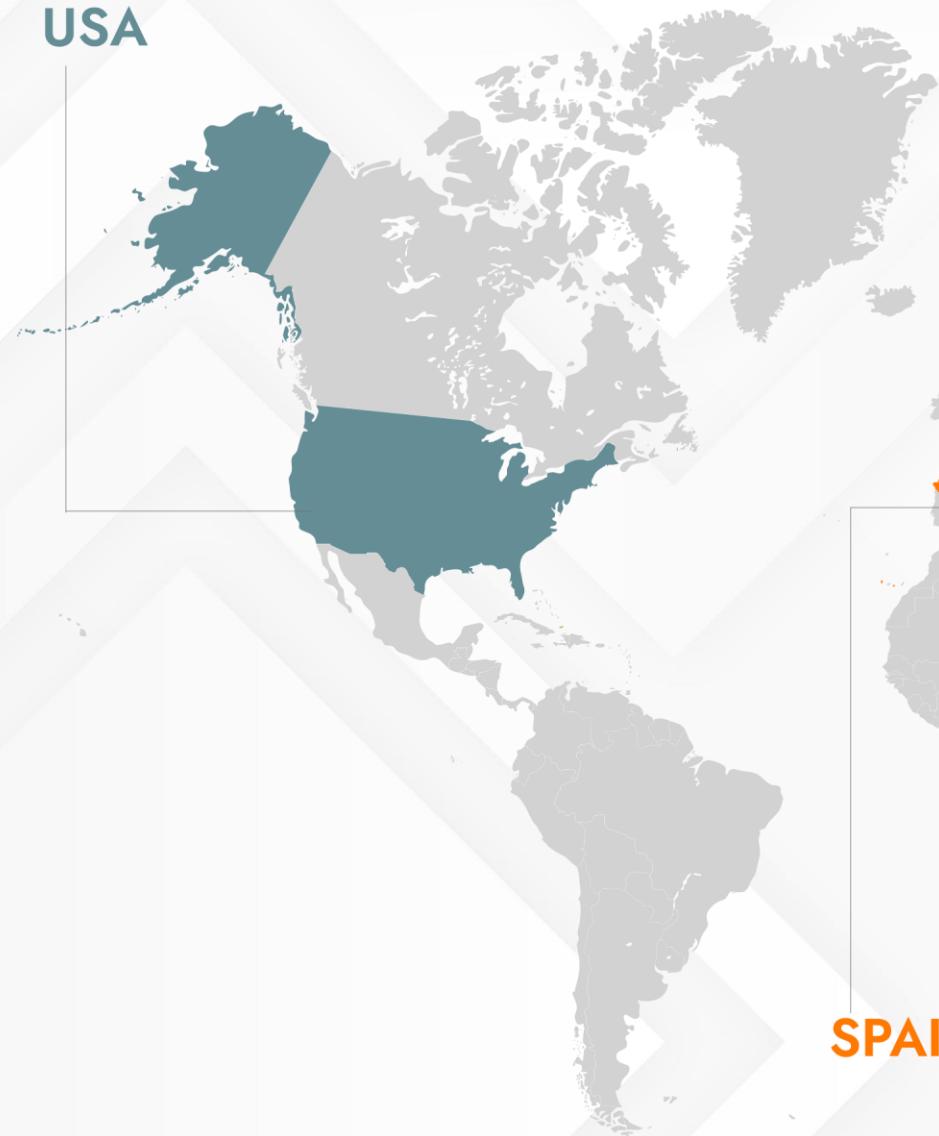

- Our certified programs span critical areas including CBRN response, flood rescue, height safety, fire rescue, emergency medical services, aquatic and technical.
- Only rescue training organization with a specific K9 training wing specifically developed for land and water-based SAR Operations.
- Trained over 70,000 since 2014 and having completed a total of 20,00,000 training hours. 2 Training Academies across India and a customer base in 18 states.

## Major Risks on Water as per WHO

Source: Rahman A et al. Analysis of the childhood fatal drowning situation in Bangladesh: exploring prevention measures for low-income countries. Injury prevention. 2009;15:75-79.

### YOUNG CHILDREN

The highest drowning rates are among children aged 1-4 years

### FLOOD DISASTERS

Extreme rainfall, storm surges, tsunamis or cyclones

### TRANSPORT ON WATER

Especially on overcrowded or poorly maintained vessels

Source: World Health Organization – Global Report on Drowning 'Preventing a Leading Killer'

# Course Synopsis: Force Development

Training Rescue Forces - Force Development for SDRF, FIRE CD & HG Depts.

First Responder Courses	Medical First Responder (MFR)	Aquatic Rescue Courses	Basic Flood Rescue Course
	Emergency Medical Technician (EMT)		Rescue Boat Operator Course
Rope Rescue Courses	Technical Rope Rescue		Advanced Deep Diving Course
	Trench Rescue Technician		Advanced Technical Rescue Course
	Advanced Technical Rope Rescue		Basic Deep Diving Course
	Confined Space Search & Rescue		Aquatic Disaster Rescue Course
Specialized Courses	SAR Dog Handlers Course		
	SAR UAV Pilot Course		
	Maintenance Technician Course		

## Course Synopsis: Capacity Building

### Capacity Building – Community First Responder Training (AAPDA MITRA)

Community Response Training is a concept that has been promoted far and wide through State and Central Schemes. Programs like Aapda Mitra or Community Health Workers have been conceptualized to rally the masses in case of a disaster response system.

#### Project aim:

- Reduce gap between training of professionals & volunteers.
- Provide ability to refresh training capabilities.
- Increase government capability fully leverage the capabilities of trained community volunteers as force multipliers in the State's overall disaster management matrix.

## Course Synopsis: Skill Development

'Learn to Earn' Training Program

Training local communities like fishermen as lifeguards and first aiders to increase their employability and safety in industrial activities.

- In partnership with Australian Lifesaving Academy (est. 1907)
- Train and upskill for employment
- Increase employability
- Focus on training fishermen in lifesaving for lifeguards and first aid for eco tourism activities
- National Fisheries Development Board Recognized
- National Skill Development Council Recognized Training Institute
- Empaneled with Maharashtra Maritime Board as 'Training Partner'
- Nationally & Internationally Valid Certificate
- Supporting the enforcement of safe watersports and water transport both inland and in our coastal waters
- Top end equipment brand partnerships for students to get best experience.

# IT Services: Emergency First response

## App Based Emergency First Response

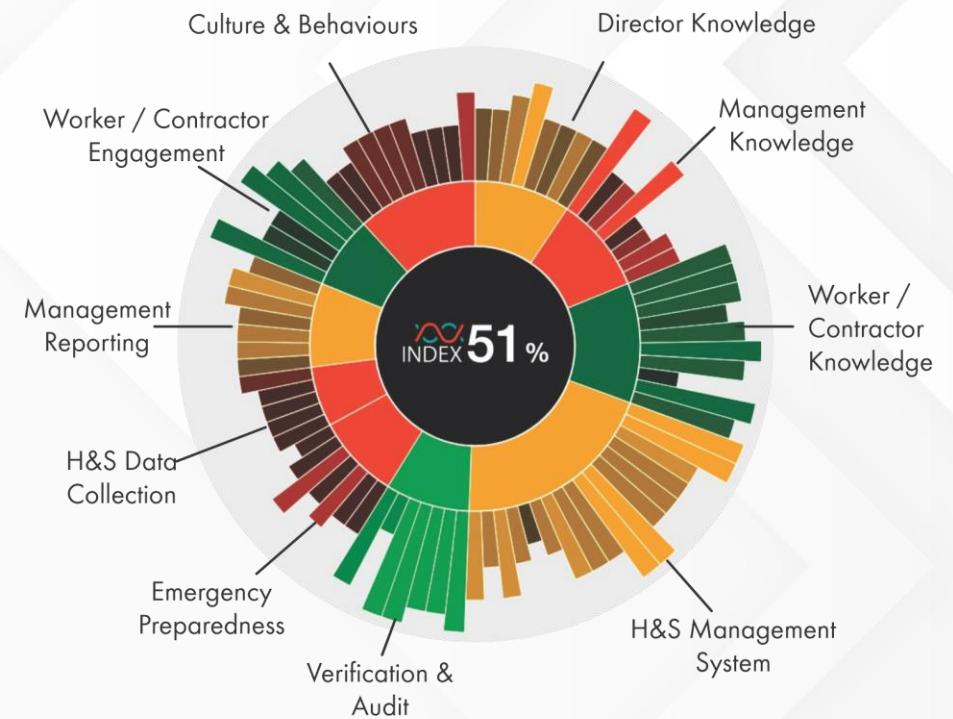

The iRescueApp is a Lifesaving Technology which will integrate capability of alerting trained bystanders to dispatching statutory emergency services.

### Benefits:

- Enables control room administrators to view current availability of trained assets and equipment resources in the vicinity of incident locations
- Creating incident response groups to share realtime info with each other similar to WhatsApp.
- Manage the Govts largest disaster relief and rescue equipment registry (Govt & Community Domain)
- Can integrate with Department App, 108 service, PCR Vehicle and other current facilities.

## Safe 365 Global

Safe365 Global is a digital health and safety platform designed to help businesses assess, manage and improve their workplace health and safety practices, ultimately developing safer working environments for businesses & it's employees.

## IT Services: Emergency First response

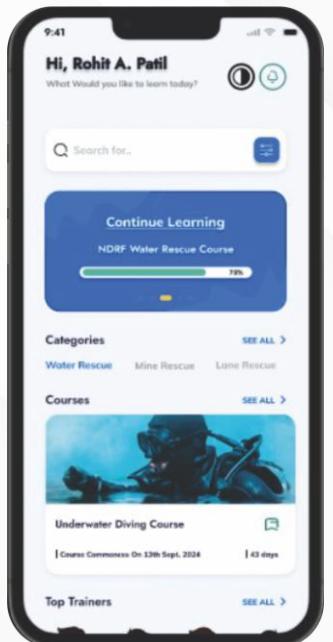

### SKLLS AI

Sklls AI is an innovative simulator designed specifically for training emergency responder operators. This technology utilizes artificial intelligence to create realistic scenarios that enhance the preparedness and effectiveness of personnel in emergency situations. This AI platform can be used to train call center operators in all fields, including customer support, sales and the like.

### SkyllSinc (Learning Management Platform)

A comprehensive and bespoke platform designed for organizations to effectively manage their training programs, encompassing all aspects from candidate onboarding & course allocation, to the provision of study materials (including written, audio, and visual formats), assessment processes, & certification issuance.

## Major Achievements

- Empaneled with National Fisheries Development Corporation and launched program to train 100 lifeguards in 14 coastal districts of TN, at the hands of Thiru M K Stalin, CM, Tamil Nadu on 7 June 2022.
- Received 'Best Private Service Provider Award' and felicitated by Hon. Chandrababu Naidu, CM, Andhra Pradesh for services rendered during Godavari Pushkarams 2014.
- Appointed as Co Committee Member on Disaster Equipment with National Disaster Response Force.
- Empaneled with Govts of TN, AP, Uttarakhand, Rajasthan, West Bengal and Meghalaya.

## Operational Services

- Felicitated by Shri Chandrababu Naidu, CM, Andhra Pradesh for exemplary services rendered during Godavari & Krishna Pushkarams (Kumbh Mela).
- Operated in support of SDRF Teams during Cyclone Phailin, Hudhud and Aila.
- Operated in support of Coastal Police Teams during Chennai Floods.
- Deployed a team of 75 members led by 8 trainers from ITUS during Kerala Floods.
- Recently placed on Red Alert in Tamil Nadu with TNDRF Teams for cyclone Gaja.
- Currently operating Atal Setu Water Rescue Team upto 2031.
- Deployed teams for Maha Kumbh Mela 2025 with UP Police ATS.

## Media

**Tamil Nadu CM inaugurates statewide Beach Lifeguard Training Programme for rescuing people from drowning**

Tamil Nadu Chief Minister M. K. Stalin today inaugurated a statewide Beach Lifeguard Training Programme for rescuing people from drowning. A thousand young fishermen from the state's fourteen coastal districts will be trained on rescuing those who are in distress in the sea or other water bodies.

## कुंभमेळा २०२५ साठी महाराष्ट्रातील कंपनीची निवड

■ अलीबाग, (वा.) महाराष्ट्रातील प्रमुख समुद्री सेवा पुरवठादार आयटीयूएस मरीन कंपनीला उत्तर प्रदेश दहशतवादिविरोधी पथकाने (एटीएस) कुंभमेळाव्यासाठी बचाव पाश्के आणि उभयचर बोटी उपकरण करून देण्यासाठी महत्वाचा कार केला आहे.

कुंभमेळा हा जगातील सर्वात मोठ्या धार्मिक समारंभांपैकी एक आहे, जो जगभरातून लाखो भक्तांना आकर्षित करतो. असा भव्य सोहळ्यासाठी सुरक्षिततेची जबाबदारी सक्षमरित्या पार पाडण्यासाठी उत्तर प्रदेश एटीएसने आयटीयूएस मरीनसोबत भागीदारी केली आहे, ज्यामुळे आपल्काळान परिस्थिती आणि बचाव कार्यामध्ये चांगले व्यवस्थापन शक्य होईल.

### कौशल्यपूर्ण कर्मचारी आणि मजबूत उपकरणे

महाराष्ट्रातील असलेली मुख्यालय आयटीएस मरीन ही प्रमुख समुद्री सुरक्षा उपाययोजना पुरवठादार कंपनी आहे, जो बचावकार्य, उभयचर तंत्रज्ञान आणि आपाती व्यवस्थापन यामध्ये तज्ज्ञ आहे.

■ अग्री महत्वाची जबाबदारी भिजात्यावदल आमाला अभिमान वाढतो. आय टी यू एस मरीनसोबत आणि जगातील दूसर्यांचा व समुद्री उपाययोजना देण्यासाठी दर्शकवद्द आहोत. कुंभमेळा २०२५ दरवर्यान उत्तर प्रदेश टीएसएल पाठळ देणे हे आमच्या क्षमतांवा आणि जिवाली सुरक्षा सुनिश्चित करण्याच्या आमच्या दूरविश्वायाचे प्रतीक आहे.

- प्रवरते, आयटीयूएस मरीन

**सक्रिय दृष्टिकोनाचे प्रतीक**  
कुंभमेळ्याच्या सुरक्षीत आणि सुरक्षित आयोजनासाठी आय टी यू एस मरीन आपल्या बचाव पथकांचे आणि उपकरणांचे नियोजनपूर्वक स्थानिक अधिकाऱ्यांसाठी समर्वय साधून वेळंत तेनात करणार आहे. हा उपकरण करोडो भाविक आणि पर्यटकांच्या सुरक्षिततेसाठी सरकारच्या दृष्टिकोनाचे प्रतीक आहे.

## 18-day aquatic disaster rescue training to end today

EXPRESS NEWS SERVICE  
@Vijayawada

THE 18-day training of about 400 members of Rajasthan State Disaster Response Force (RSDRF) will conclude, here on Sunday. The members of Rajasthan SDRF are undergoing the Aquatic Disaster Response Course, imparted by a Pune-based safety and sports organisation, which has also trained personnel of the Andhra Pradesh State Disaster Response and Fire Services Department.

"As part of the aquatic disaster rescue training, we demonstrated scuba diving and rescue of people and retrieval of dead bodies, on Saturday. As in most cases, the swift flowing water

poses great danger to the safety of victims and rescuers alike," said Ankit Wagh, director of operations, ITUS Sports and Safety Pvt Ltd, the pune-based organisation imparting the training.

According to sources, the Pune-based firm is working in

AP since its inception in 2013 and has, till date, trained over 1,500 members of AP Police and Fire departments. The training being conducted is that of an advanced level.

The training being conducted is that of an advanced level, which is a follow-up to the basic training that the members have undergone previously. The current training consisted of open water rescue, boat operations course and scuba diving for underwater search and body retrieval.

The open water training has been conducted at Punnami Ghat, Krishna river and the scuba diving training at the swimming pool of Vijayawada Municipal Corporation.

## Resources & Certification

### Highlights

- Hybrid Training Curriculum with e-learning and assessment modules
- Monitoring and Evaluation SOPs
- Internationally valid certificate
- Online Refresher Training Module
- Internal and International Training of Trainers by Australian Lifesaving Academy

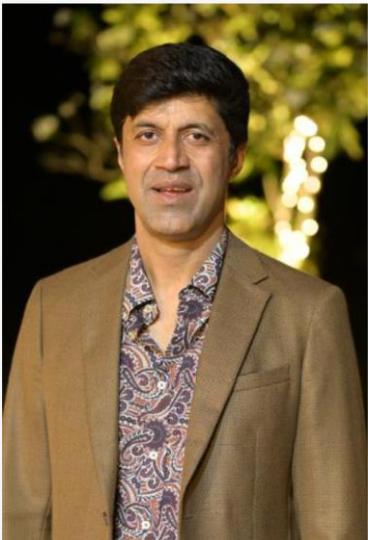

## Academy Top Management

### Ankit Wagh | Founder & CEO

- Ankit Wagh, an international-level swimmer who represented India at the World Games, brings unmatched energy and precision to ITUS. With hands-on experience in rescue operations across Australia and the UK, he leads operations with a global perspective and local impact.
- Certified in Swift Water Rescue (Level III), Rescue Boat Operations, Technical Rope Rescue, and Scuba Diving, Ankit is also a Train-the-Trainer, EMT, and Anaphylaxis-certified. His deep expertise in international boat and rescue operations ensures ITUS's solutions are not only advanced but field-proven, empowering teams to respond effectively in high-stakes environments.

### Amit Ambedkar | Managing Director

- With over two decades of experience in international business tie-ups and government projects, Amit Ambedkar brings strategic depth and operational excellence to ITUS. As a seasoned business head, he has been instrumental in expanding the organization into new sectors by navigating complex partnerships and unlocking new markets.
- A national-level basketball player, Amit thrives in high-pressure environments and values teamwork, agility, and resilience — qualities that reflect in his leadership style. His unique blend of strategic acumen and field-level enthusiasm continues to drive ITUS's growth and impact.

## Training Team

- Group 1 – 1 Training Coordinator, 3 Master Trainers and 6 Trainers
- Group 2 – 2 Training Coordinators, 3 Master Trainers and 5 Trainers
- Average experience amongst the entire team of 7 to 10 years
- Visiting faculty from New Zealand, Australia and USA

(Group 1 –responsible for North and East Region | Group 2 –responsible for South & West Region)

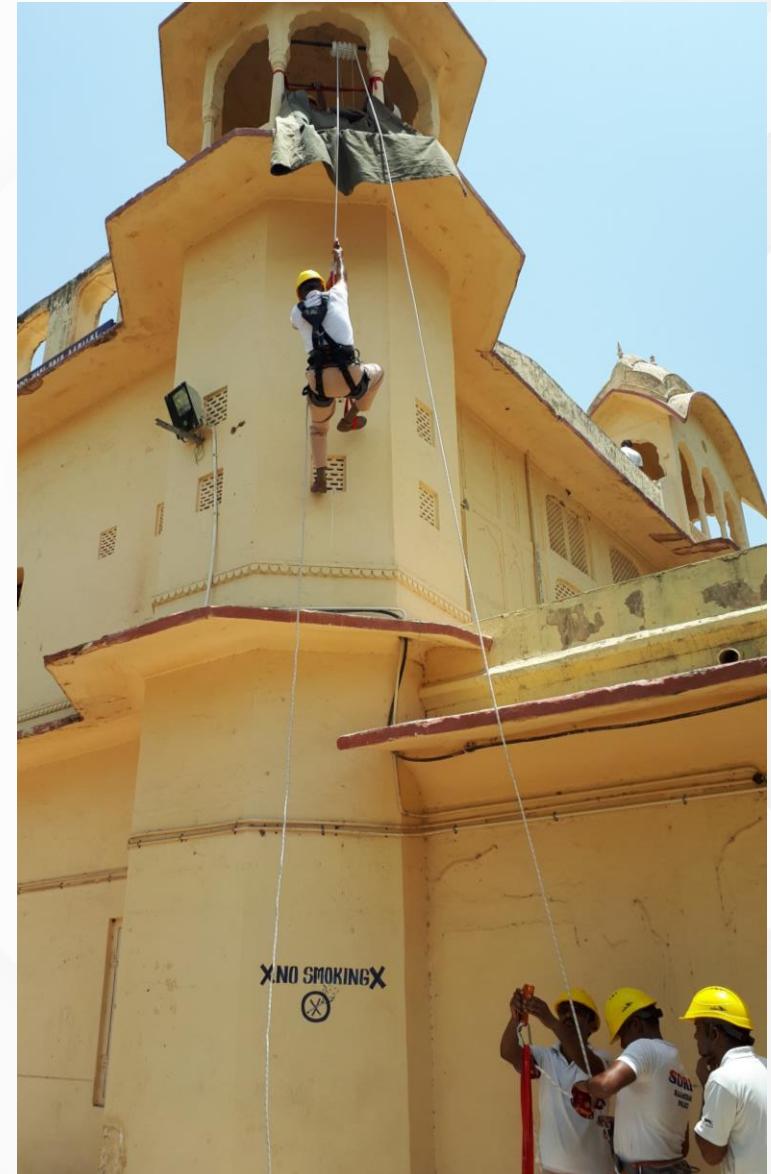

## Safety of Trainees

At Indian Rescue Academy, safety of trainees is our utmost priority. We believe in providing trainees our trainees with the simulated experience and thrill of adventure to service in DM forces.

Our trainee to trainer ratio is:

- On Land – 25:1
- In Water – 10:1
- On Rope – 10:1

Trainers are certified as Emergency Medical Technicians to ensure safety of the trainees. Every training course is equipped with Portable Oxygen, Advanced First Aid Kit & Spine Board

## Training Equipment

We use the following brands of training equipment:

- ITUS Rescue Boats made from Pennel& Fillipo (Orca) Hypalon
- CMC Rescue, USA
- TohatsuOutboards, Japan
- Aquatec Scuba, Taiwan
- KASK, Italy
- ITUS, India

Training Equipment being used:

- ISO Certified
- EN Certified
- NFPA Certified
- UL Classification and
- IRS Certified

## Competence Based Training Methodology for Force Development

We follow a scientific process for developing forces to be adept in search and rescue and to build organizational resilience for sustainable operations.

**Step 1 :** The first step is to train all members of the force in basic life support training. Following which a swim aptitude test must be taken to assess the participant's interest and capability for water rescue.

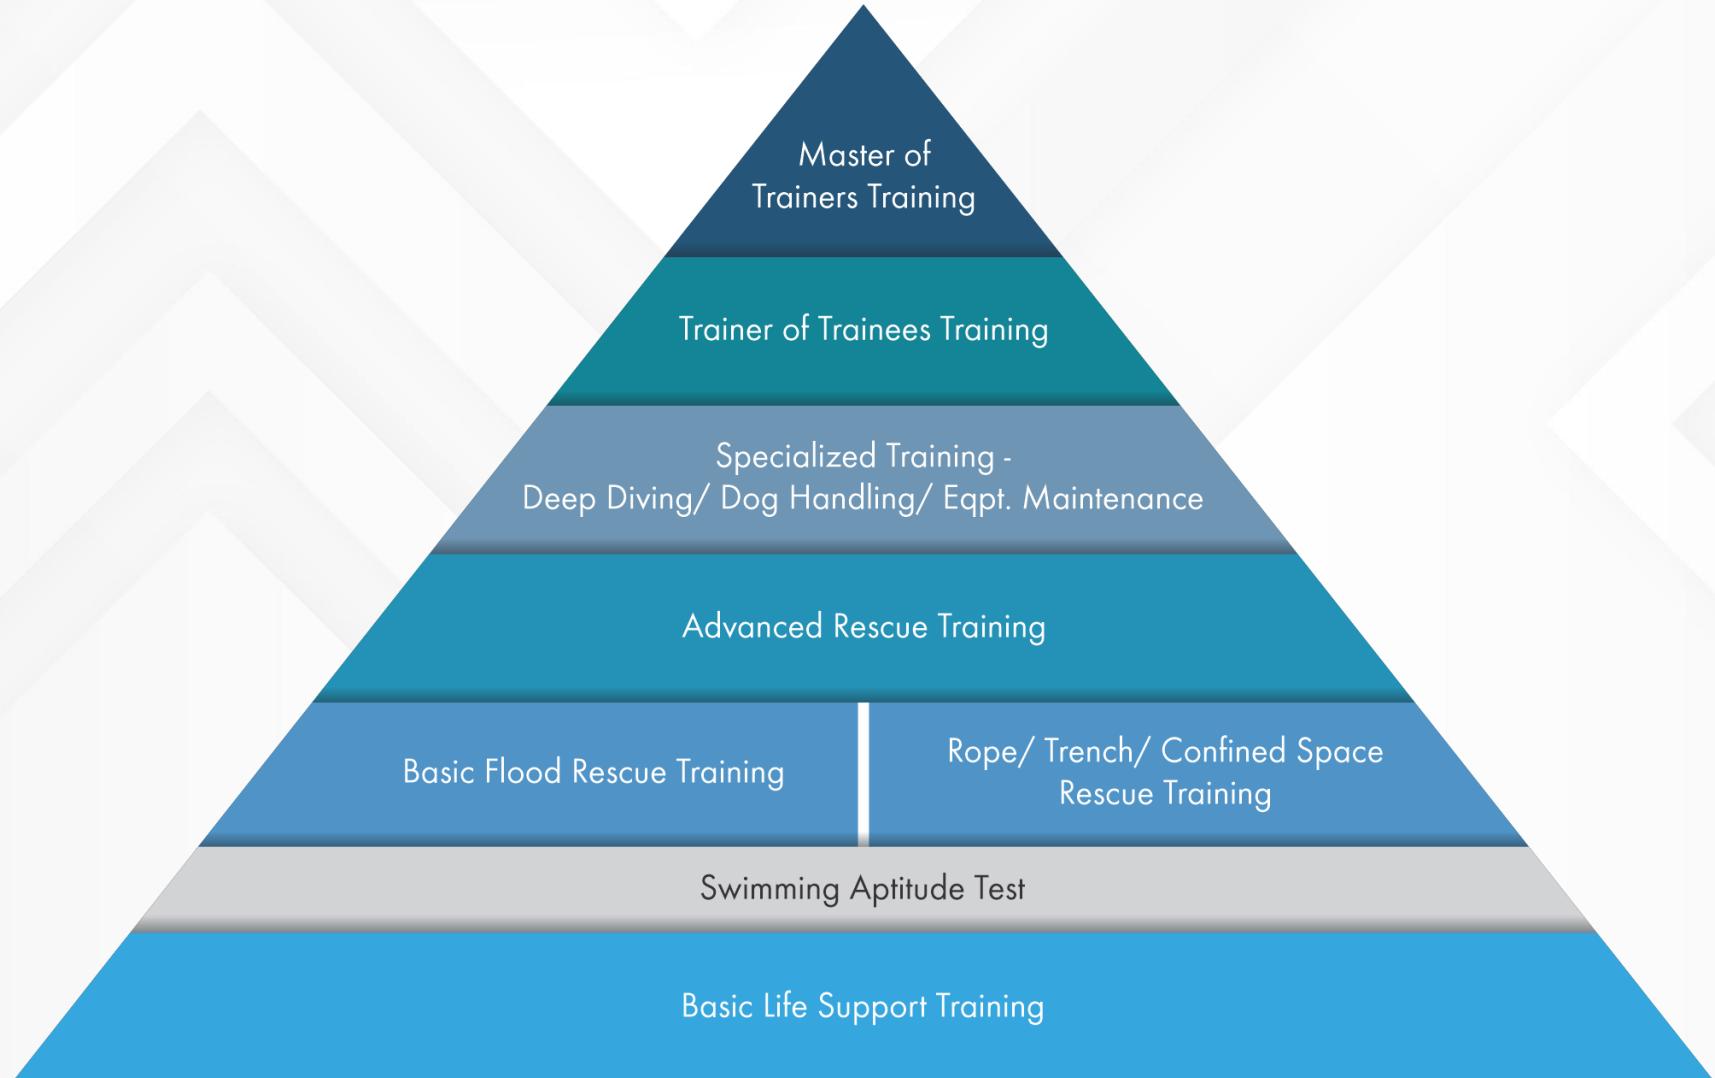

**Step 2 :** At this stage the force can be effectively divided into land based and water based operators.

**Step 3 :** On completing basic land/ water based rescue training, it is recommended that top performing participants get the advanced technical rescue knowledge as part of an advanced course. These trained men can be utilized as Quick Reaction Team (QRT) to any disaster to take on life saving actions during the golden hour.

**Step 4 :** Further, specialized courses like Deep Diving and Dog Handling allow interested volunteers of the force to develop into Special Operation Units.

**Step 5 :** Highly experienced and conversant volunteers can further undertake detailed studies as part of the Trainer of Trainees (TOT) and Master of Trainers (MOT) courses where they will ensure self reliance of the organization in raising its own forces.

# Competence Based Training Methodology for Force Development

## Land Based Search & Rescue Courses

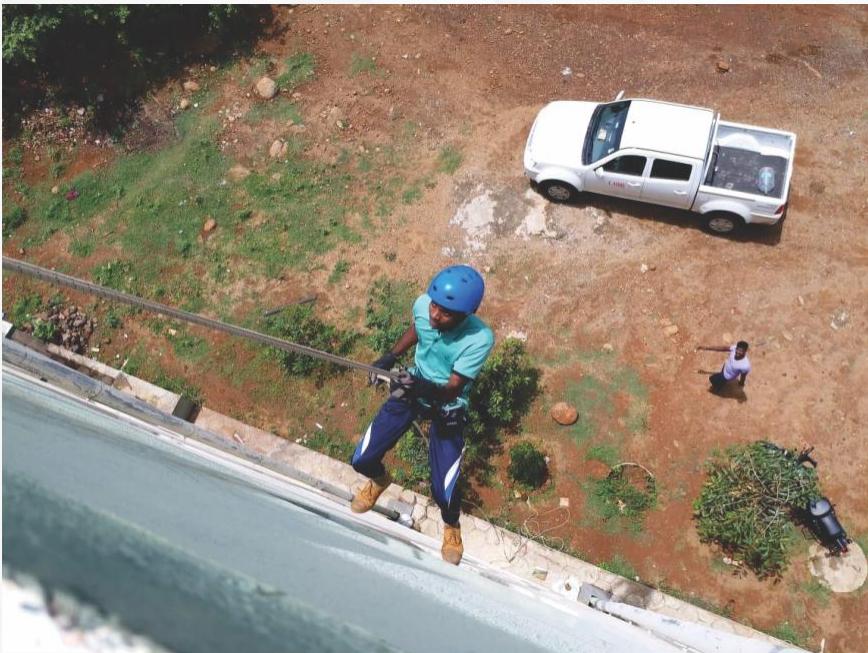

Sr.	Course Name	Brief Curriculum	Duration (6hrs/ day)
1	Height Safety & Technical Rope Rescue Course (As per NFPA 1670 & 1006 standards)	Height Rescue, Rope Rescue, High Rise Rescue, personal protective equipment; patient packaging and recovery rappel, ascending, mirror system, hauling and lowering techniques, knot passing.	10 days
2	Helicopter Slithering Course (From Helicopter Slithering Simulation Platform)	Safety Precautions, Slithering W/o Load, Slithering W/Load, Night Operations.	7 days
3	Advanced Technical Rope Rescue Course (As per NFPA 1670 & 1006 standards)	Height Rescue, Rope Rescue, High Rise Rescue, personal protective equipment; patient packaging and recovery rappel, ascending, mirror system, hauling and lowering techniques, knot passing; tripods and other artificial high anchor points; lock-out, tag-out; rope systems, high line systems – Traverse & Norwegian Reeve, equipment testing and maintenance.	15 days
4	Advanced Confined Space Search & Rescue Course (As per NFPA 1006 standards)	Rescuer safety; team evaluation; pre-planning; supplied air breathing systems; atmospheric monitoring; communications systems; personal protective equipment; patient packaging and recovery; tripods and other artificial high anchor points; lock-out, tag-out; rope systems for confined space entry and rescue, and more.	12 days

# Land Based Search & Rescue Courses

Sr.	Course Name	Brief Curriculum	Duration (6hrs/ day)
5	Mine/ Trench Rescue Technician Course (As per NFPA 1006 standards)	Rescuer safety, understanding OSHA regulations involving trenches and excavations; preplanning; assessing soil composition/ configuration; cave-in evaluation; stabilization and shoring using wood; mechanical, hydraulic and pneumatic shores with the use of trench rescue data sheets; victim rescue/ recovery; and incident termination.	14 days

# Maritime Search & Rescue Courses

Approved by Maharashtra Maritime Board

Sr.	Course Name	Brief Curriculum	Duration (6hrs/ day)
6	Life Saving Technique (Maharashtra Maritime Board Certification)	Sea Swimming, Basic Hydrology, Open Water Lifesaving, Surf Craft Operations, Communications, Rescue Boat Operations.	5 days
7	Basic Flood Rescue Course	Basic First Aid, Swimming Techniques, Open Water Rescue & Lifesaving, Communications, Boat Operation & Navigation.	10 days
8	Basic Flood Rescue Course + (MMB – PBH & LST License)	Operation of Powerboat under 2NT, forward, reverse, coming alongside, mooring , night operation, navigation, maintenance, CPR, First Aid, Using OOE & Radio Communications, lifesaving skills, fire fighting.	10 days
9	Basic Diving Course (10 Mtr Qualification)	SCUBA Diving, Equipment Assembly, Operation, Signals, Underwater Communication, Body Search & Retrieval & Physics of Diving.	18 days

# Maritime Search & Rescue Courses

Approved by Maharashtra Maritime Board

Sr.	Course Name	Brief Curriculum	Duration (6hrs/ day)
10	Advanced Deep Diving Course (20 Mtr Qualification)	SCUBA Diving, Search Pattern, Night Operation, Underwater Communication, Physics of Diving, Signals, Buddy Diving, Diving Disease, High Altitude Diving, Decompression Sickness & Therapy, Dive to 65Ft, Boat Operation, Flying Restrictions, Flowing Water Diving.	24 days
11	Advanced Deep Diving Course (NDRF Course)	All Weather & 24x7 Diving Operations, Underwater Communication with U/W Comm Set, Surface Supply Diving, Body Search & Retrieval & Physiology Management, Dive to 90Ft, Confined Space Diving & U/W Obstacle Avoidance.	44 days
12	Rescue Boat Operator Course (Australian Lifesaving Academy Certificate)	Boat Assembly, Navigation, Rescue Operations, Communication, Defensive & Aggressive Driving & Basic Maintenance.	5 days
13	Rescue Boat Operator Course (MMB PBH License)	Boat Assembly, Navigation, Rescue Operations, Communication, Defensive & Aggressive Driving & Basic Maintenance.	5 days

# Maritime Search & Rescue Courses

Approved by Maharashtra Maritime Board

Sr.	Course Name	Brief Curriculum	Duration (6hrs/ day)
14	Integrated Technical Rescue Course (For QRT Task Force) (As per NFPA 1670 & 1006 standards)	Basic Hydrology, Swift Water Rescue, Technical Rope Rescue, Communications, Rescue Boat Operations in flowing water & Basic Deep Diving.	22 days
15	Aquatic Disaster Rescue Course	Basic Hydrology, Swift Water Rescue, River Crossing Highline, Communications, Rescue Boat Operations in flowing water & Basic Diving.	16 days
16	Advanced Technical Rescue Course	Advanced Watermanship and Boat Operations, Advanced Technical Rope Rescue, Deep Diving, Special Technical Rescue Simulations, Slithering – Safety Precautions, Slithering W/o Load, Slithering W/Load, Night Operations etc.	32 days
17	Power Boat Handling	Operation of Powerboat under 2NT, forward, reverse, coming alongside, mooring, night operation, navigation, maintenance and more.	3 days
